**Rhino®
Storage Fluid
Data Sheet**

Rhino Storage Fluid, Part # 50045

DESCRIPTION:

Rhino Storage Fluid is designed to extend the life of the seals and hoses of pour or spray machines. It is used in combination with Rhino Pro™ Flush. Once the machine has been flushed with Rhino Pro Flush, then fill the machine system with Rhino Storage Fluid. The solution will keep seals soft and pliable and prevent hose linings from hardening from moisture contamination.

TYPICAL USES:

Used to preserve the pumps and hoses of RIM and spray machines used in polyurethane and polyurea applications

FEATURES & BENEFITS:

Preserves the pumps and hoses, reducing replacement costs

INSTRUCTIONS:

Once the machine has been flushed using the Rhino Pro Flush, place the transfer pump into the Rhino Storage Fluid. Circulate Rhino Storage Fluid through the manifold until the solution is coming out of the gun manifold or pour head. Circulate for 5 minutes and then close the system.

HOW SUPPLIED:

Rhino Storage Fluid is available in 5 gallon hedpaks.

SAFETY PRECAUTIONS: Health Considerations: Consult the Rhino Linings® Safety Data Sheets (SDS)

This chemical system requires the use of proper safety equipment and procedures. Please follow the Rhino Linings® product SDS and Safety Manual for detailed information and handling guidelines.

For Your Protection: The information and recommendations in this publication are, to the best of our knowledge, reliable. Suggestions made concerning the products and their uses, applications, storage and handling are only the opinion of Rhino Linings Corporation. Users should conduct their own tests to determine the suitability of these products for their own particular purposes and of the storage and handling methods herein suggested. The toxicity and risk characteristics of products made by Rhino Linings Corporation will necessarily differ from the toxicity and risk characteristics developed when such products are used with other materials during a manufacturing process. The resulting risk characteristics should be determined and made known to ultimate end-users and processors.

Because of numerous factors affecting results, **Rhino Linings Corporation makes no warranty of any kind, express or implied**, other than that the material conforms to its applicable current Standard Specifications. Rhino Linings Corporation hereby disclaims any and all other warranties, including but not limited to those of merchantability or fitness for a particular purpose. No statements made herein may be construed as a representation or warranty. The liability of Rhino Linings Corporation for any claims arising from or sounding in breach of warranty, negligence, strict liability, or otherwise shall be limited to the purchase price of the material.
